

PACKAGE PROGRAM

Fundraiser

Project Description – This is to hold a Cash Raffle to raise money for the Optimist Club. This project is relatively easy and does not require a lot of manpower to run. It does require participation from Club members in order to be successful.

In this package you will find some tools to help your Club run this project. You will find job responsibilities broken down by position and a project timeline. You will also find a sample press release, community calendar insert and a chart for tracking ticket sales. Please keep in mind that these are only suggestions and can be modified to fit your Club.
